Professional Summary

Artificial Intelligence and Machine Learning undergraduate passionate about Full-Stack Development, Machine Learning, and innovative technology solutions. Skilled in Python, Java, JavaScript, React.js, and MySQL, with experience building web applications and AI-driven projects. Strong problem-solving abilities, adaptability, and a commitment to continuous learning and professional growth.

Education

Malla Reddy University

B.Tech in Artificial Intelligence & Machine Learning (AI & ML)

Aug. 2023 – Present

Hyderabad, Telangana

Holy Cross Junior College

Intermediate (MPC)

Jun. 2021 – Apr. 2023

Siddipet, Telangana

ZP High School

SSC

Mar. 2021

Siddipet, Telangana

Technical Skills

Programming Languages: Java, Python, JavaScript

Web Technologies: HTML, CSS, React.js

Databases: MySQL

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming, Operating Systems

Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook, Vercel

Professional Skills: Problem Solving, Communication, Teamwork, Time Management

Projects

[Holy Cross College Website](#) 🔄

Jan 2025 – Mar 2025

- Designed and developed a responsive website for Holy Cross Junior College to enhance its online presence and accessibility.
- Implemented user-friendly pages for admissions, courses, gallery, facilities, and contact information using modern web technologies.
- Deployed and maintained the website on Vercel, ensuring smooth performance and a professional user experience across devices.

[Plant Disease Detection](#) 🔄

Aug 2025 – Oct 2025

- Developed a machine learning model to detect and classify plant diseases from leaf images using deep learning techniques.
- Performed image preprocessing, feature extraction, and model training to improve prediction accuracy.
- Built an automated disease prediction system to support early detection and better crop management.

Internships

AI-ML Virtual Internship – EduSkills (AICTE & Google for Developers)

Jan 2026 – Mar 2026

- *Technologies:* Python, Machine Learning, Data Analysis
- Completed a 10-week AI-ML Virtual Internship through EduSkills in collaboration with AICTE and Google for Developers.
- Worked on machine learning concepts, data preprocessing, and model development using Python.

Google Cloud Generative AI Virtual Intern – EduSkills (AICTE & Google Cloud)

Apr 2026 – Jun 2026

- *Technologies:* Generative AI, Google Cloud, Vertex AI
- Learned Generative AI concepts, prompt engineering, and Large Language Models using Google Cloud tools.
- Worked with Vertex AI, Gemini, and multimodal AI techniques through hands-on learning.

Certifications & Achievements

Microsoft Certified: Azure AI Fundamentals

AI-ML Virtual Internship–EduSkills, AICTE & Google for Developers

AWS Cloud Practitioner Essentials – AWS Training & Certification

Actively solving problems on LeetCode to enhance programming and analytical skills.
